

Start here when you don't know which card to pull. Read from the top and take the first row that matches. Several at once? Safety comes first.

1 I'm afraid, being threatened, or not free to say no

This includes jealousy that leads to checking, restricting, or accusing.

⛔ Stop. These tools are not for this. Get outside help (Help Lines: allianceprotocols.com/help)
Immediate danger: your local emergency number (999 UK/SG · 911 US · 000 AU · 112 EU).

2 I'm flooded or shut down (but safe)
Racing heart, tunnel vision, urge to flee or win

⌛ Pause + Return · ⌚ 60-Second Alliance Reset — Exact return time. For flooding, never for fear.

3 A fight is starting
Voices rising; you're both building a case

🔲 System Overlay — Green Rule first. Flooded midway → Pause + Return.

4 Outside pressure or disapproval from family, friends or strangers

⚓ Unity Anchor — Decide together how the couple responds; never limit a partner's contact with anyone. Pressure from your partner? Green Rule, or row 1.

5 Trust breach
Lying, infidelity, a broken agreement

🔍 Trust Recovery (+ 📋 Proof Protocol) — Safety first. Agree one change you'll both see, and when to check it.

6 Pulling away
Warmth missing, repairs on autopilot

🔧 Pulling-Away Check (+ 🔄 Full Recovery) — No signs: keep up the daily floor. One or two: space and small repairs. Three or more: one or both of you may be pulling away. Bring back the daily floor and your check-ins for two weeks; if nothing has shifted, book a Full Recovery conversation. Contempt, fear or coercion: stop and get outside support first.

7 After a fight, or something small stung

🔧 Micro-Repair — Start within minutes if you can; complete within 24 hours. If it was bigger: Full Recovery. If something needs to change: Proof Protocol.

8 We keep clashing the same way
Reach-Recoil (one reaches, the other pulls back), Repeat Ask (the same ask, on repeat), one of you ready to talk sooner than the other

📖 Loop Library (Manual) / 📄 Drift Check (+ 🗨️ Profile Calibration) — Name it out loud: "I think we're doing the thing again." Later, when you're calm, find it in the Loop Library.

9 Intimacy feels stuck

🔗 Intimacy Pact — Pacts Worksheet. Pressure after a no: not safe, or again → Help Lines; else Green Rule talk.

10 Saying one thing, doing another
Your own follow-through

🔄 Consistency Pact (+ 📋 Proof Protocol) — Private weekly check. After a breach, add a shared Proof item.

11 We feel like housemates
Logistics only; the connection feels thin

🌞 Morning + Evening Rhythm — Feels like a chore? Take a night off fixing: a Sun Memory (Manual).

12 Time for our weekly check-in

📅 Weekly Reset — About 40 minutes, on a timer; Weekly Reset Agenda; a monthly look-back.

⌛ At any point, if someone floods: take a Pause + Return, then restart warm. If threats, fear, coercion or violence appear, do not return at the set time: leave safely and use the Help Lines.

THE CORE CARDS TO GRAB FIRST

 **Green Rule (Honesty Gate) • CORE**
The one rule that can't be broken: the honest thing must be safe to say. Pause the topic; if flooded but safe, take a Pause + Return.

"This doesn't feel safe right now."

 **Pause + Return • CORE**
Time apart, with an exact time to come back. For flooding, never for fear. 20 minutes minimum, 24 hours max.

"I need a pause. I'll be ready at ____."

 **60-Second Alliance Reset • CORE**
Still in the room and it's turning into a fight to win? Stop · say it · touch (only if welcome) · three slow breaths · an exact time to keep talking.

"I want to connect, not fight."
