

Start here when you don't know which card to pull. Read from the top and take the first row that matches. Several at once? Safety comes first.

I'm afraid, being threatened, or not free to say no

- 1** This includes jealousy that leads to checking, restricting or accusing. Numbers are not on this map: keep them somewhere private.

 **Stop.** These tools are not for this. Get outside help (Help Lines: allianceprotocols.com/help). Immediate danger: your local emergency number.

- 2** **I'm flooded or shut down (but safe)**
Racing heart, urge to flee or win.

 **Pause + Return** (p.8) — Exact return time. For flooding, never for fear. If you're the one waiting: don't follow or message. Or  **60-Second Reset** (p.9).

- 3** **A fight is starting**
Voices rising; you're both building a case.

 **60-Second Reset** (p.9) — Say: **"I want to connect, not fight. Can we talk at ___?"** Too hot to stay in the room?  **Pause + Return** (p.8). Next: the  **System Overlay** (p.12), and start it with the  **Green Rule** (p.7).

- 4** **Outside pressure or disapproval from family, friends or strangers**

 **Team Agreement** (p.18) — Decide together how the two of you respond. Never limit a partner's contact with anyone. Pressure coming from your partner? If they check, restrict or punish your contact with others: row 1 (Help Lines). Otherwise: the  **Green Rule** (p.7).

- 5** **Trust breach**

 **Trust Recovery** (p.14) — Safety first. A breach is something the partner agrees they did. Seeing friends or family, privacy or a locked phone is never a breach. Skip Your First Week: start here, then the Weekly Reset. Agree one change you'll both see, and check it together at a set time.

- 6** **Pulling away**

 **Check-Up** (p.16) — Each of you marks your own half of the sheet, privately. Contempt, fear or coercion: stop and get outside support first. Stopped sharing out of fear? Help Lines. Then, only if you both want one:  **Full Repair** (p.13).

- 7** **After a fight, or something small stung**

 **Micro-Repair** (p.10) — Start within minutes if you can; finish within 24 hours. Bigger hurts go to  **Full Repair** (p.13).

- 8** **We keep clashing the same way**

 **Profile Calibration** (p.23) — Name it: "I think we're doing the thing again." Later, when calm, find the pattern in the Manual's Appendix A and try Profile Calibration together. Also:  **Check-Up** (p.16).

- 9** **Intimacy feels stuck**

 **Intimacy Pact** (p.21) — Pressure after a no: stop; don't talk it through in the moment. The person pressured decides whether, when and with whom to talk. Force, threats, fear or a repeat: Help Lines.

- 10** **Saying one thing, doing another**

 **Consistency Pact** (p.22) — A private weekly check. Broke a shared agreement? Tell your partner. After a breach (something the partner agrees they did)? A Proof item only if you both agree.

- 11** **We feel like housemates**

 **Daily Rhythm** (p.20) — A morning hello and an evening catch-up. Still thin after two weeks? A  **Check-Up** (p.16). Feels like a chore? Take a night off fixing: a  **Sun Memory** (p.19).

- 12** **Time for our weekly check-in**

 **Weekly Reset** (p.11) — About 40 minutes (15 is fine to start). The monthly part adds 10 minutes.

 At any point, if someone floods: take a Pause + Return, then restart warm. If threats, fear, coercion or violence appear, do not return at the set time: leave safely and use the Help Lines (allianceprotocols.com/help).

THE FIRST THREE TO GRAB

 **Green Rule** Learn first
The one rule that can't be broken: the honest thing must be safe to say. Pause the topic; if flooded but safe, take a Pause + Return.

"This doesn't feel safe right now."

 **Pause + Return** Learn first
Time apart, with an exact time to come back. For flooding, never for fear. 20 minutes to 24 hours.

"I need a pause. I'll be ready at ____."

 **60-Second Reset** Learn first
A fight is starting and you're both still in the room? One sentence, then a time to keep talking.

"I want to connect, not fight. Can we talk at ____?"
